

Your Property Investment Advisory

inSynergy Property
Investment Education
and Strategy Workshop

The inSynergy property investment education and strategy workshop is a powerful, knowledge-based session designed to deliver investors a sound understanding of the fundamentals of property investment.

Workshop overview

The one-on-one property investment education and strategy workshop will teach you how to safely build a high-performance property portfolio and plan for future retirement.

This workshop is specific to property investment and does not include advice about any other financial products such as managed funds or superannuation managed funds (other than property in Super).

We appreciate that everyone will come to the workshop with a different level of understanding, so the content is adjusted to ensure the appropriate level of detail is covered. The workshop content can be tailored for first time investors through to the highly experienced and runs for 4-6 hours.

Key learning outcomes

1. How a \$500,000 investment property can cost as little as \$50 per week
2. How to pay off a home loan in 6-10 years with no extra repayments
3. How one property at principal-and-interest costs very close to two at interest-only
4. How to effectively and safely use equity to buy successive properties
5. How to build a high performance property portfolio to retire on, comfortably and early

What's included?

- A pre-assessment of your financial situation, property values, equity and borrowing capacity across the best property investment lenders;
- Recommendation of strategies to optimise your current finance and property portfolio including debt structure that will improve cash flow, minimise interest and mortgage insurance, improve borrowing capacity, reduce tax and reduce risk;
- Sample cash flow analysis for potential investment property acquisition;
- A copy of all notes, sketches and models produced during the workshop.

The process: inSynergy's 6 steps to highly successful property investment.

A trusted advisor

We are extremely proud and confident of our services, which are the result of more than 20 years collective experience in property investment.

It should however be noted that the information and advice we provide is specific to property investment and mortgage finance and does not incorporate all your financial needs and considerations.

For your other needs, we recommend you consult a licensed financial planner. If you would like us to recommend a financial planner that is skilled and experienced at building a financial plan supportive of direct property investment, please let us know. ●

About inSynergy

inSynergy provides professional property investment education and advice, property market research and specialised mortgage broking services to help every day Australians achieve better returns with less risk from property. inSynergy is also a licensed investment property buyers' agent.
